

SEND: Growing a Green Space

Course overview

Spring and summer are the times of year when things start to grow, green and fruit. Spending time out in nature can be calming and fun. In this course we explore different plants and grow our own green space on the grounds at Parsloes. You can take this knowledge home and create a green space at home, even if you only have a pot to work with, or as part of a community project.

What will I study?

You will:

- Identify different garden tools
- Plan which plants to put in the garden
- Plant seeds and plants
- Create labels and care plans for the different plants
- Develop skills needed to volunteer in parks and community spaces

Assessment method

- Take part in growing and planting activities
- Take part in activities and discussions to confirm your understanding
- Your tutor will give you verbal and written feedback throughout the course

Entry requirements

- Be able to take part in group discussions
- Be able to recognise signs & symbols
- Be able to follow instructions

What should I bring with me?

An A4 folder, A4 notepad and a pen.

Key information

You will need loose clothing and trainers or soft shoes that can get a little dirty. Clothing should be appropriate to being outside during class time.

For hygiene reasons you should bring your gardening gloves.

Possible next steps

During this course, you will be given advice and guidance on other courses suitable for you and your personal goals.
